

## WORKS NOTICE – **STORMWATER RENEWAL**

### WHAT WHEN TRAFFIC

### TE MANU RESERVE STORMWATER RENEWAL FROM FEBRUARY 2021 (FOR 5 WEEKS) RESTRICTIONS WILL BE IN PLACE (DETAILS BELOW)

#### WHAT ARE WE DOING?

- Upgrading the stormwater controls in Te Manu Reserve. This includes a rock-lined channel and small wetland area. A pathway through the reserve will also be completed.

#### WHY ARE WE DOING IT?

- This area is prone to slipping and stormwater isn't currently well controlled. Upgrading this will help protect Te Manu Reserve and the surrounding area.

#### DURATION:

- Five weeks, starting from Mid-FEBRUARY 2021.

#### TRAFFIC CONDITIONS:

- Speed restriction, Stop/Go traffic control and lane closure will be in place, expect minor delays only. Please show courtesy when driving through the work site, your patience is appreciated.
