Kia ora,

### **Road Safety Improvements – Southern Port Hills Area**

In December 2021, Nelson City Council asked for feedback on a range on road safety and traffic calming measures proposed between 90 Tosswill Road and Marie Street (including lower Tosswill Road and Chamberlain Street). These measures included speed humps, no stopping lines, and stop signs.

Council has read through and considered the feedback and there has been wide support for what was originally proposed. However, there were few key areas that needed further consideration, and these have been revisited.

Enclosed with this letter is a revised plan of proposed traffic calming features. Areas where there have been changes made are shown on the plans in green. We are seeking feedback to see if this revised plan has support from the community. This feedback will allow design to be completed. Construction will begin early in 2023.

Feedback can be submitted online:

<https://shape.nelson.govt.nz/port-hills-traffic-calming>

Email to [katharine.jones@ncc.govt.nz](mailto:katharine.jones@ncc.govt.nz),

Or dropped off to our Customer Service Centre (110 Trafalgar Street) or any Nelson public library.

Feedback closes 15 July 2022.

Yours sincerely,

**Katharine Jones**

Technical Lead – Roading and Transport
