- (2) For the purposes of giving effect to subsection (1), the territorial authority or regional council and, where appropriate, the Commission must ensure that the population of each ward or constituency or subdivision, divided by the number of members to be elected by that ward or constituency or subdivision, produces

a figure no more than 10% greater or smaller than the population of the district or region or local board area or community divided by the total number of elected members (other than members elected by the electors of a territorial authority as a whole, if any, and the mayor, if any).

- (3) Despite subsection (2),—
- (a) if the territorial authority or the Commission considers that 1 or more of the following apply, wards and subdivisions of a local board area or a community may be defined and membership distributed between them in a way that does not comply with subsection (2):
 - (i) non-compliance with subsection (2) is required for effective representation of communities of interest within island communities or isolated communities situated within the district of the territorial authority; or
 - (ii) compliance with subsection (2) would limit effective representation of communities of interest by dividing a community of interest between wards or subdivisions; or
 - (iii) compliance with subsection (2) would limit effective representation of communities of interest by uniting within a ward or subdivision 2 or more communities of interest with few commonalities of interest:
 - (b) if the regional council or the Commission considers that effective representation of communities of interest so requires, constituencies may be defined and membership distributed between them in a way that does not comply with subsection (2).

- (5) A reference under subsection (4) must be treated as if it were an appeal against the decision of the territorial authority or regional council, for the purposes of sections 19R (other than subsection (1)(b)), 19S, and 19Y, which apply with any necessary modifications.
- (6) On receiving a reference under subsection (4), the Commission must determine, under section 19R(1), whether—
- (a) to uphold the decision of the territorial authority or regional council; or
 - (b) to alter that decision.

- (b) that the election of members of the community board, in one of the ways specified in subparagraphs (i) to (iii) of section 19J(2)(h), will provide effective representation of communities of interest within the community and fair representation of electors; and

19Y When determinations take effect

- (1) If there are no submissions on the proposal publicly notified under section 19M by a territorial authority or regional council, or if there are no appeals against, or objections to, a resolution publicly notified under section 19N(1) by a territorial authority or a regional council, the proposal or amended proposal, as the case may be, becomes the basis for election at the next triennial general election of the territorial authority or regional council or local board or community board, and continues in effect until a subsequent determination under this Part comes into effect, and the territorial authority or regional council must give public notice accordingly of that basis for election.
- (2) As soon as practicable after the publication of a public notice under subsection (1), the territorial authority or regional council by which that notice was given must—

 - (a) a description or plan of each ward or constituency or community or subdivision has been sent to the Surveyor-General; and
 - (b) the Surveyor-General, or a person appointed by the Surveyor-General, certifies that the description or plan is sufficient to render the boundaries of each ward or constituency or community or subdivision capable of identification.
- (4) If the description of any ward or constituency or community or subdivision to which subsection (3) applies is defective, but the Surveyor-General, or a person appointed by the Surveyor-General, certifies that it can be amended and the defect overcome without making any change in what was evidently intended to be the area comprised in the description, the description—
 - (a) may be so amended by resolution; and
 - (b) if so amended, has effect as if the provisions of subsection (3) had been complied with.
- (5) The territorial authority or regional council must reimburse the Commission for any costs incurred by the Commission in obtaining the certificate required by subsection (3) or must meet the cost of the production of that certificate if required to do so by the Surveyor-General.

Provisions relating to Māori wards and Māori constituencies

s 19ZH

Schedule 1A: inserted, on 25 December 2002, by section 49 of the Local Electoral Amendment Act 2002 (2002 No 85).

- 1 Review of representation arrangements for election of territorial authority**
- (1) If, for the purposes of a triennial general election, a district of a territorial authority (being a district that is not already divided into 1 or more Māori wards) is required to be divided into 1 or more Māori wards, the territorial authority must, in the year immediately before the year in which the triennial general election is to be held, but not later than 31 August in the year immediately before the year in which the triennial general election is to be held, make a determination under section 19H.
- (2) That determination must be made as if the territorial authority were required by section 19H to determine by resolution, in accordance with Part 1A,—
- (a) the proposed number of members of the territorial authority (other than the mayor); and
 - (b) whether—
 - (i) all of the proposed members of the territorial authority (other than the mayor) are to be separately elected by the electors of 1 or more Māori wards and the electors of 1 or more general wards; or
 - (ii) some of the proposed members of the territorial authority (other than the mayor) are to be elected by the electors of the district as a whole and some to be elected separately by the electors of 1 or more Māori wards and 1 or more general wards, and, if so, what number of members are to be elected by electors of the district as a whole, and what number are to be elected separately; and
 - (c) the proposed number of members of the territorial authority to be elected by the electors of 1 or more Māori wards; and
 - (d) the proposed number of members of the territorial authority to be elected by electors of 1 or more general wards; and
 - (e) the proposed name and the proposed boundaries of each ward; and
 - (f) the number of members proposed to be elected by the electors of each Māori ward; and
 - (g) the number of members proposed to be elected by the electors of each general ward.
- (3) This clause does not limit section 19B(1).

Compare: 2001 No 1 (L) s 5

Schedule 1A clause 1(2)(b)(ii): amended, on 29 June 2013, by section 42 of the Local Electoral Amendment Act 2013 (2013 No 40).

2 Calculation of number of Māori and general ward members

- (1) The number of members to be elected by the electors of 1 or more Māori wards of the district of a territorial authority (**Māori ward members**) is to be determined in accordance with the following formula:

$$\text{nm} = \text{mepd} \div (\text{mepd} + \text{gepd}) \times \text{nm}$$

where—

nm is the number of Māori ward members

mepd is the Māori electoral population of the district

gepd is the general electoral population of the district

nm is the proposed number of members of the territorial authority (other than the mayor).

- (2) If a determination is made under clause 1(2)(b)(ii), the definition of nm in the formula must be applied as if for the words “proposed number of members of the territorial authority (other than the mayor)” there were substituted the words “proposed number of members of the territorial authority (other than the mayor and the members to be elected by electors of the district as a whole)”.
- (3) If the number of the Māori ward members (other than the mayor) calculated under subclause (1) includes a fraction, the fraction must be disregarded unless it exceeds a half. If the fraction exceeds a half, the number of Māori ward members must be the next whole number above the number that includes the fraction.
- (4) The number of members to be elected by the electors of 1 or more general wards is to be determined by subtracting from the proposed number of members of the territorial authority (other than the mayor, or, if the case requires, other than the mayor and the members of the territorial authority to be elected by electors of the district as a whole) the number of Māori ward members, as calculated under subclauses (1) and (3).
- (5) Despite Part 1A and the provisions of this schedule, if the number of Māori ward members, as determined in accordance with the method of calculation in this clause, is zero (because the number of Māori ward members as so determined is a fraction of the whole number 1 that does not exceed one half),—
- (a) the district must not be divided into 1 or more Māori wards and 1 or more general wards:
- (b) the provisions of clauses 1, 5, and 6 of this schedule must not be applied for the purposes of any determination under section 19H or section 19R.

Compare: 2001 No 1 (L) s 6

Schedule 1A clause 2(5): amended, on 28 June 2006, by section 5(1) of the Local Electoral Amendment Act 2006 (2006 No 25).

3 Review of representation arrangements for election of regional council

- (1) If, for the purposes of a triennial general election, a region of a regional council (being a region that is not already divided into 1 or more Māori constituencies) is required to be divided into 1 or more Māori constituencies, the regional council must, in the year immediately before the year in which the triennial general election is to be held, but not later than 31 August in the year immediately before the year in which the triennial general election is to be held, make a determination under section 19I.
- (2) That determination must be made as if the regional council were required by section 19I to determine by resolution, in accordance with Part 1A,—
 - (a) the proposed number of members of the regional council; and
 - (b) the proposed number of members of the regional council to be elected by the electors of 1 or more Māori constituencies; and
 - (c) the proposed number of members of the regional council to be elected by electors of 1 or more general constituencies; and
 - (d) the proposed name and the proposed boundaries of each constituency; and
 - (e) the number of members proposed to be elected by the electors of each Māori constituency; and
 - (f) the number of members proposed to be elected by the electors of each general constituency.

Compare: 2001 No 1 (L) s 5

4 Calculation of number of Māori and general constituency members

- (1) The number of members to be elected by the electors of 1 or more Māori constituencies of a regional council (**Māori constituency members**) is to be determined in accordance with the following formula:

$$\text{nm} = \text{mepr} \div (\text{mepr} + \text{gepr}) \times \text{nm}$$

where—

nm is the number of Māori constituency members

mepr is the Māori electoral population of the region

gepr is the general electoral population of the region

nm is the proposed number of members of the regional council.

- (2) If the number of the Māori constituency members calculated under subclause (1) includes a fraction, the fraction must be disregarded unless it exceeds a half. If the fraction exceeds a half, the number of Māori constituency members must be the next whole number above the number that includes the fraction.
- (3) The number of members to be elected by the electors of 1 or more general constituencies is to be determined by subtracting from the proposed number of

members of the regional council the number of Māori constituency members, as calculated under subclauses (1) and (2).

- (4) Despite Part 1A and the provisions of this schedule, if the number of Māori constituency members, as determined in accordance with the method of calculation in this clause, is zero (because the number of Māori constituency members as so determined is a fraction of the whole number 1 that does not exceed one half),—
- (a) the region must not be divided into 1 or more Māori constituencies and 1 or more general constituencies:
 - (b) the provisions of clauses 3, 5, and 6 of this schedule must not be applied for the purposes of any determination under section 19I or section 19R.

Compare: 2001 No 1 (L) s 6

Schedule 1A clause 4(4): amended, on 28 June 2006, by section 5(2) of the Local Electoral Amendment Act 2006 (2006 No 25).

5 Relationship with other provisions

- (1) In exercising its powers and duties under sections 19H to 19U, and sections 19W to 19Y, a territorial authority or regional council or, as the case may require, the Commission must ensure that any proposal, revised proposal, or determination made under any of those sections is,—
- (a) in the case of a territorial authority, consistent with the calculations required by clause 2; and
 - (b) in the case of a regional council, consistent with the result of the calculations required by clause 4.
- (2) If it is proposed to alter the proposed number of members of a territorial authority or regional council at any time after that number is first determined in accordance with clause 1 or clause 3, the territorial authority or regional council or, as the case may require, the Commission must again make, in accordance with the method of calculation specified in clause 2 or the method of calculation specified in clause 4, as the case may require, the determinations required by clause 1 or clause 3.
- (3) Subclause (2) does not limit subclause (1).

Compare: 2001 No 1 (L) s 7

6 Supplementary provisions regarding wards, constituencies, and boundaries

In determining the number of wards and the boundaries of Māori wards, and the number of constituencies and the boundaries of Māori constituencies, a territorial authority or regional council or, as the case may require, the Commission must, in addition to satisfying the requirements of section 19T or section 19U,—

- (a) ensure, to the extent that is reasonably practicable and is consistent with the requirements of paragraph (b), that—
 - (i) the ratio of members to Māori electoral population in each Māori ward produces a variance of no more than plus or minus 10% (if 2 or more Māori wards for the district are proposed); and
 - (ii) the ratio of members to Māori electoral population in each Māori constituency produces a variance of no more than plus or minus 10% (if 2 or more Māori constituencies for the region are proposed):
- (b) have regard to—
 - (i) the boundaries of any existing Māori electoral district; and
 - (ii) communities of interest and tribal affiliations.

7 Population figures

- (1) The Government Statistician must, at the request of a territorial authority or regional council or, if appropriate, the Commission, supply the territorial authority or regional council or the Commission with a certificate—
 - (a) specifying the Māori electoral population for the district or region; and
 - (b) the general electoral population of the district or region.
- (2) The numbers included in the certificate must be derived from information contained in the most recent report of the Government Statistician to the Surveyor-General and to the other members of the Representation Commission made under section 35(6) of the Electoral Act 1993.
- (3) A certificate issued under subclause (1) is conclusive evidence of the information contained in that certificate.

Compare: 2001 No 1 (L) s 9

8 This schedule to be read with Local Government Act 1974 or Local Government Act 2002 and other provisions of this Act

- (1) This schedule is to be read in conjunction with the provisions of the Local Government Act 1974 or the Local Government Act 2002 and the other provisions of this Act, and the provisions of the Local Government Act 1974 or the Local Government Act 2002 and the other provisions of this Act and the provisions of any regulations made under either the Local Government Act 1974 or the Local Government Act 2002 or this Act apply accordingly and with any necessary modifications.
- (2) However, if there is any inconsistency between the provisions of this schedule and any provisions of the Local Government Act 1974 or the Local Government Act 2002 or of this Act or of any regulations made under the Local Gov-

ernment Act 1974 or the Local Government Act 2002 or this Act, this schedule prevails.
