Kia ora,

JENKINS STREAM – GRAVEL REMOVAL

During the August 2022 weather event some of Nelson's rivers and streams suffered stream bank or stream bed erosion. We need to remediate some of these areas to reduce the chance of the river flooding again and damaging Council assets and/or private property.

We have identified an area of flood gravel in excess of normal levels around the culvert # 2 adjacent 80 Enner Glynn Road which we plan to be remove.

This work will occur from Tuesday 28 November 2023. It is likely to take approximately 3-5 days to complete (weather dependent).

The removal area is shown roughly in Figure 1 below.
