Kia ora,

OLDHAM CREEK, FRENCHAY RESERVE – ROCK ARMOURING

During the August 2022 weather event some of Nelson's rivers and streams suffered stream bank or stream bed erosion. We need to remediate some of these areas to reduce the chance of the river flooding again and damaging Council assets and/or private property.

We have identified an area of significant bank erosion, as well as an exposed wastewater pipe, within Frenchay Reserve (located behind 4 Burnside Terrace and across from 18 Frenchay Drive). We will be working to stabilise this eroded bank using rock armouring (large rocks placed to protect the area) from Tuesday 24 October 2023. It is likely to take approximately 1 week to complete (weather dependent).

The approximate area of repair is shown in Figure 1 below, marked with the red circle.

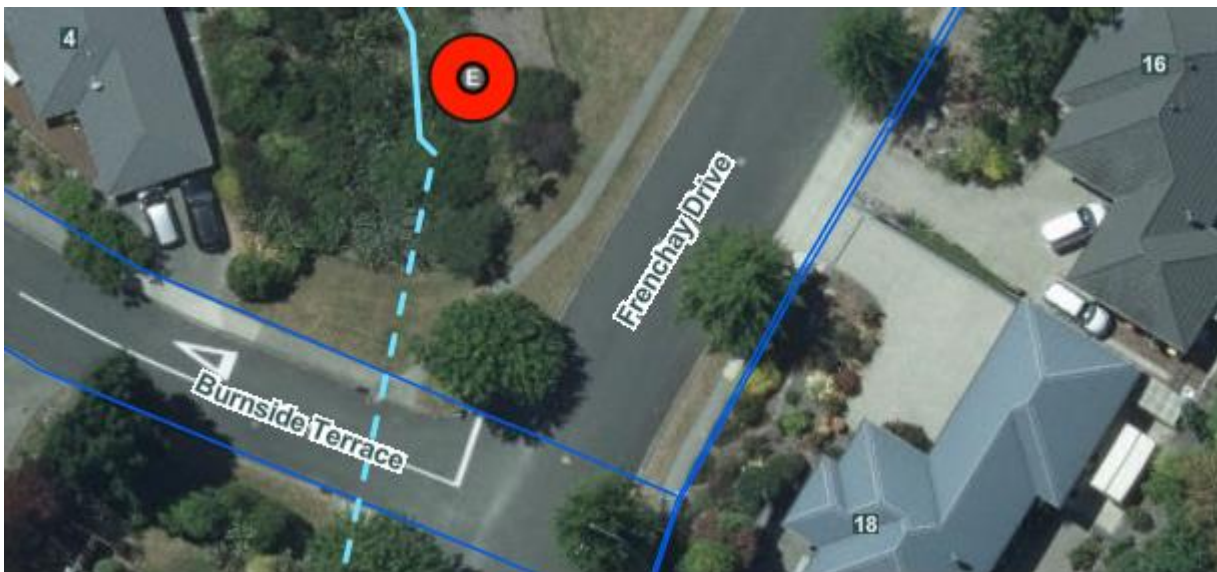

Figure 1: Taken from Top of the South Maps.

If you have any questions or queries in relation to this work, please feel free to contact either me, by phone on 021 350763 or by email on rebecca.thiessen@ncc.govt.nz, or Marc Jary by phone on 027 3886077 or by email on mjary@nelmac.co.nz.

There may be some noise associated with this work, so we apologise for any inconvenience that this may cause.

We appreciate your patience while this work is completed.

Yours sincerely,

Rebecca Thiessen
