Kia ora,

THE BROOK – FLOOD DAMAGE REMEDIAL WORKS

During the August 2022 weather event some of Nelson’s rivers and streams suffered stream bank or stream bed erosion, and/or were inundated with flood debris.

We need to remediate some of these issues to reduce the chance of the river flooding again and further damaging Council assets or private property.

We have identified an area of significant bank erosion along Brook Stream, between 576 Brook Street and 8 Cummins Street. We are planning to stabilise this eroded bank, starting on Monday 25 September 2023.

The work will take around 2 weeks to complete (weather dependent).
