

## Vision and priorities

Council has developed a vision and three overarching priorities to guide our work programmes for the next ten years. They express our aspirations for the city, direct where we want to focus our efforts, and link to the region's long-term community outcomes.

### Vision

Our vision for Whakatū Nelson is a creative, prosperous, and innovative city. Our community is inclusive, resilient, and connected – we care for each other and our environment.

### Priorities

- Support our communities to be prosperous, connected, and inclusive
- Transform our city and commercial centres to be thriving, accessible and people-focused
- Foster a healthy environment and a climate resilient, low-emissions community
